

## March 2021 Bunker Adjustment Factor (BAF) Rates

Dear Customers,

You can find effective BAF surcharge levels for March 2021 in the following.

Depending on the BAF methodology, January 2021 is considered on the calculation for following regions due to high bunker price volatility that exceeds 25 USD/ton during the month. All corridors related with Mediterranean-West Africa trade regions will be based on average of Rotterdam and Algeciras. For all Intra-Mediterranean and Black Sea corridors, we will continue to consider Piraeus and Istanbul average prices. Antwerp/Rotterdam average rates will proceed to take part as usual in calculation of all North Europe corridors.

Regions	Reference Ports	Average VLSFO/ton
WAF	Average of Rotterdam and Algeciras	\$424
MED	Average of Istanbul and Piraeus	\$453
NEUR	Average of Rotterdam and Antwerp	\$413

For identifying the trade corridors on respective countries, we have included below chart for your easy reference. Addendum that shows the port and country information with regional details was also included on last page.
